MARCH 2020

“Be the Calm in the Storm”

Fellow NOMADS,

Much has changed in the few short weeks since our 2020 Kickoff Gala, but our mission remains the same as Ambassadors of Goodwill for the Oil & Gas Industry.

The global COVID-19 (Coronavirus) pandemic has caused immense disturbances in both our everyday lives and international business, and will affect all of us to varying degrees in the coming weeks and months. Our immediate focus is the health and safety of our members, especially those of us in higher risk categories, which is why we cancelled our April Dinner Meeting. April's meeting fees were donated to Houston's Meals on Wheels, and will be used to deliver food to our elderly, high risk neighbors who would otherwise go hungry.

The Offshore Technology Conference (OTC) is postponed from May to Q3, 2020, and Mr. Rami Touma will inform our membership of developments. Depending on official recommendations in the next month, we will communicate on our next meeting date and venue via social media platforms-Join us online for the most current updates! Thank you in advance for your patience and understanding in keeping our membership and community safe.

With the understandable worries of both the virus and economic forecast, we are in a unique position to be the calm in the storm for many of our family, friends, colleagues and neighbors who have not necessarily encountered hardships like our members have endured. This does not imply we are without legitimate concern or fail to take appropriate precautions, but rather our experience and wisdom as leaders has the ability to foster attitudes of fortitude & courage, or inspire others to serve in love until we defeat this enemy together.

Please let myself or the Executive Board know how we can assist, stay strong, and take heart knowing this is not the first or last challenge we will overcome as a team!

Donnie Bowen III

2020 President
