NOMADS

The National Oil-equipment Manufacturers and Delegates Society

July 2021

Dear Fellow Nomads:

I hope everyone has had a fun and enjoyable summer so far. After the last year of what we've had to endure, it's well deserved.

As most of you already know, OTC will take place in August this year and NOMADS has always staffed their International Lounge with our members, it's a service we've offered the OTC for decades. My discussions with the OTC has been ongoing but they confirmed that the International Visitors Lounge will not be opened this year due to lack of International visitors. I would still like to give our members an opportunity to meet and share summer stories in August so we will have our third and final social of year in August. We will hold the event on Thursday August 12th at Kirbys Ice House Memorial.

What? 2021 NOMADS August Social

Where: Kirbys Ice House 1015 Gessner Road 77055

When? Thursday August 12th 6-9PM

Looking forward to the Fall, I am pleased to report we have a fully booked and entertaining speaker season ahead. For September we have confirmed Commissioner Wayne Christian, Republican Member of the Texas Railroad Commission. Mr. Christian is about as entertaining an Oil and Gas speaker can be and his perspective on our industry is not one to be missed. For October we have confirmed a member of the US Commercial Service (US Department of Commerce) office in Texas. They will be presenting their understanding of the upcoming Biden Energy plan and how it will affect Texans in the energy industry. For November we've reached out to Representative Dan Crenshaw's office and they've reserved our November gathering as his second address to our organization. Fingers crossed we get to see all of these outstanding speakers in the coming months.

I truly hope I get the opportunity to see you all in a few weeks in person. If you can't make it out for our August social then please come out and attend the Fall in-person meetings. The information and viewpoints our Fall Speakers will give are directly tied into the values that we as NOMADS all share and I can't wait to hear what they have to say.
